

NOATUN

Start your studies
at Nord
University

NORD
University

FBA
Faculty of Biosciences
and Aquaculture

- The Faculty of Biosciences and Aquaculture (FBA) has two campuses: Bodø and Steinkjer
- Land of the midnight sun
- Marine and agricultural regions

Our Bodø campus is located in the suburb of Mørkved, with excellent student housing within walking distance. The city of Bodø, the capital of the Nordland county, was one of the 2024 European Capitals of Culture.

Norway's longest university
that covers over 40 % of the country's
coastline

REGISTRATION & TUITION

All programs are tuition-free* for EU/EEA and Norwegian students at Nord University

A decorative graphic consisting of several gold coins of various sizes and orientations, appearing to fall or scatter across the text. Each coin has a soft blue glow around it.

***Mandatory semester registration fee:** 800 NOK/Around 75 euros (all students, each semester)

Application

Application window:

Feb 1 - Apr 15: European Union/EEA
citizens/Norwegian citizens and residents

The deadline for uploading documents is **July
1st**.

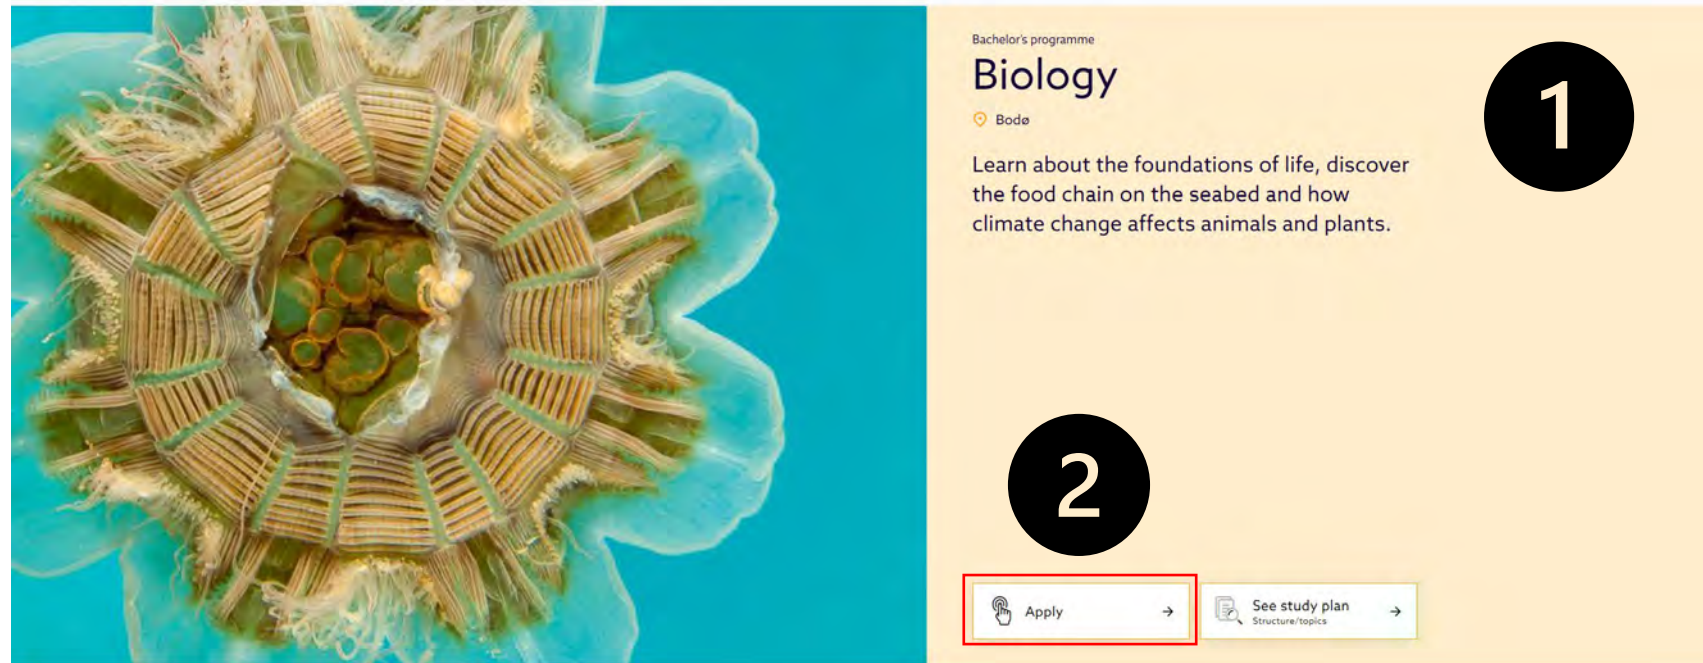

Bachelor of Science in Biology & Animal Science

- High school degree
- English language proficiency (**can be replaced by 60 ECTS taught in English**)
- Mathematics in High school and **one** of the following:
 - Physics
 - Chemistry
 - Biology
 - or similar

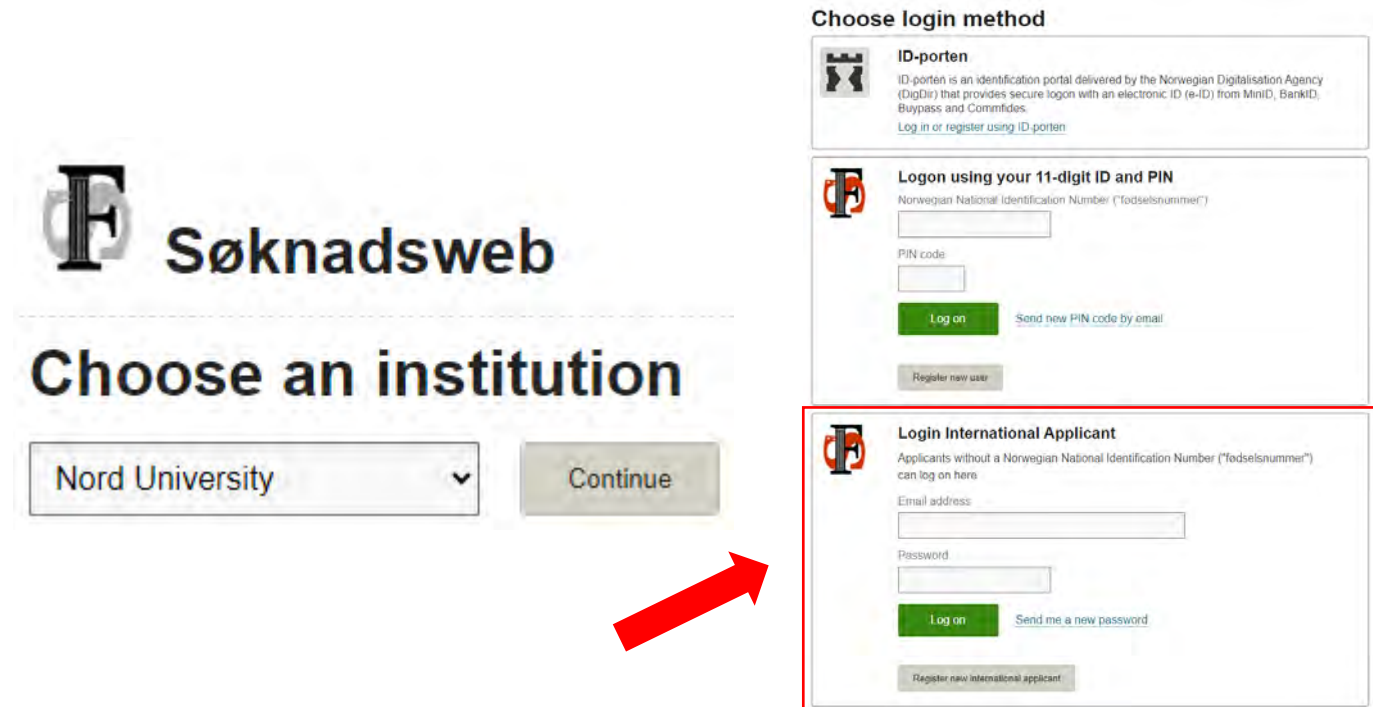

[Do you meet the Mathematics/Chemistry/etc
requirement? Check here.](#)

How to apply

1. Go to your desired programme website
2. Click on the “Apply” button
3. Select Nord, log into Søknadsweb or create a username, fill out the details and **upload the documents**
4. Select application alternatives based on preference (up to 5)
